

HIGH CARE CENTER
more than beauty

Get a great massage.

A great massage relaxes muscles, eases stress and soothes aches and pains. It rejuvenates and restores balance to your body and being, making you feel so much better...

How about a facial, pedicure and manicure?

Welcome to our superb High Care Center studio in a cozy atmosphere. Get treated by the professional and experienced hands of a therapist. Enjoy the scent of uplifting and relaxing aromas. We are different as everything we do is natural!

HIGH CARE CENTER
more than beauty

A beautiful body

At High Care Center we want you to look and feel amazing every day... Try our Suction Pump Massage for firming breasts, toning your body, getting rid of cellulite and rejuvenating your face.

Suction pump massage (SPM) revives the old tradition of cupping in a new form to stimulate lymph flow, break down fat deposits and strengthen connective tissue. With a visible difference from the first treatment, you will see your skin becomes smoother and firmer with each session.

Try our specialised facials

Perfect skin is the most desired element of beauty. At High Care Center our specialised facial treatments will do wonders for your skin! A choice of pampering treatments: Sun-Damaged Skin, Gentleman's Facial, Rejuvenation Treatments, Sensitive Skin Treatment, Relaxing Facial Treatment, Acne Treatment, Spot Prone Treatment, Vit. A & Vit. E Treatment and AHA & Vit.A Treatment
